

GP Publication of Earnings 2017/18
Practice
Accounts year end

The New Coningsby Surgery
31st December 2017

Report for Publication:

NHS England require that the net earnings of doctors engaged in the practice is publicised, and the required disclosure is shown below. However it should be noted that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about GP earnings, nor to make any comparison with any other practice.

All GP Practices are required to declare the mean earnings (e.g. average pay) for GPs working to deliver NHS services to patients at each practice.

The average pay for GPs working in The New Coningsby Surgery during the year ended 31st December 2017 was **£ 47,343** before tax and national insurance. This is for 3 full time GPs, 3 part time GPs and 1 locum GP who worked in the practice for more than 6 months.
